

Time Trial Series.

We specialize in optimizing time trial frames so that you will ride faster with less effort. Our 6061 Aero aluminum time trial frames are designed around the Reynolds aero tubeset. These frames are both stiff and aero. They feature rear entry titanium dropouts, seat tube cutout, standard seat binder bolt, internal brake and shifter cable routing, and integral front derailleur hanger.

Frame Material - Reynolds Aero 6061 aluminum

Wheel Size - 650c or 700c

Paint Scheme - We have a variety of colors to choose from but also have the capability to produce a completely custom design.
